

Hi everyone! Below is the fall schedule of classes! I also have some classes posted that will be held at M4 Reactor in Salisbury listed below. Please let me know if you're looking for a class time that's not listed or if you'd prefer a virtual lesson! I also would love to travel to your location for special paint parties, or art events with groups!

## **Classes in Tyaskin MD:**

### **Weekly Class times:**

I will be offering two weekly sessions, the first running from the week of Sept. 13<sup>th</sup> through October 31<sup>st</sup> for a total of 7 weeks/classes. The second session will run from the week of Nov. 1<sup>st</sup> through the week of December 13<sup>th</sup> (with no classes the week of Thanksgiving), for a total of 6 weeks/classes. Cost reflects the number of weeks and type of class (listed below). Both sessions are open – feel free to sign up for both or one, please note that if you're only signing up for the first session, your same time slot may not be available in the second session.

Any one-hour time slot can be considered a Private Lesson (one on one), Semi-Private Lesson (2-3 students), or a one-hour Creative Class (4-6 students). All one-hour classes are considered private lessons unless you have multiple children or friends of your children joining as a semi-private or creative class OR if when signing up you let me know that you would like to open your class to others and form a group.

Wear clothes that can get messy – all supplies will be provided; however, you're welcome to bring your favorite brushes! This is also a BYOB event! Feel free to bring snacks as well!

**Creative Science Lessons:** Creative Science is a partner program between Brad Hartle, 4-H STEM educator with UMES and Jenell Willey, freelance artist and instructor from In The Art Room. They've worked together to create fun & engaging lessons that involve art and science for youth! Their **Art Exploration** lessons are designed to engage youth in hands on activities in both art and science, with experiments, arts & crafts, and combined projects!

#### **Monthly Creative Science Programs at M4 reactor:**

- **Angler Fish Paper Circuit** - Join us for a fun lesson about Paper Circuits, Angler Fish and Mixed Media! Learn about Angler Fish and paper circuits while creating your own angler fish with mixed media techniques! Ages: 8+, October 1<sup>st</sup> from 6:00 – 8:00, \$40.00 per student.
- **Fossil hunt** - Join us for a fun lesson about Fossils and create a faux fossil you can hang on your wall! Become a Paleontologist and learn about fossils, while hunting for a buried dinosaur in sand clay. Make impressions on your clay to replicate a fossil and use paint techniques to make your textures stand out! Ages: 8+, November 5<sup>th</sup> from 6:00 – 8:00, \$40.00 per student.
- **Shrinking Turtles** - Join us for a fun lesson on Sea Turtles and shrink film! Learn about the life cycle of sea turtles, what makes them unique, and conservation. Color, cut, and shrink your own turtle keychain & charms! Ages: 8+, December 3<sup>rd</sup> from 6:00 – 8:00, \$40.00 per student.

Also be on the lookout for some additional Creative Science programs that will be offered at different parks in Wicomico county!

Please let me know if you have any questions or are looking to have virtual lessons rather than in person! Feel free to pass along the info to anyone who may be interested!

Thanks,

Jenell
